Interest Grows In Splendid Programs Redpath Will Offer Here Next Week.

The Great Lakes String Quartet, which entertained President and Mrs. Wilson on two voyages across the Atlantic on the U. S. S. George Washington will be here on the third day of the Chautauqua. The Quartet will be assisted by a pianist. The Quartet members will give a full concert in the afternoon and will appear at night with Mme. Augusta Lenska, prima donna contralto.

The Quartet was organized at Great Lakes Naval Training Station, Great Lakes, Illinois, where all the members of the organization belonged to the same company and regiment. By special permission of the Navy Department the quartet made a coast to coast tour of the United States in behalf of the Navy Relief Society, the entire proceeds going to the relief of the families and dependents of sailors and marines.

The organization appeared in the leading universities, education and musical centers of America and its fame grew rapidly. The tour progressed well in the eastern cities when by a special request of the Secretary of the Navy, the quartet was ordered to accompany President Wilson on his first trip to France.

Many programs were given on board the president's ship the U. S. S. George Washington, for the presidential party by the members of the quartet and their art was recommended by the president. The quartet made six transatlantic trips on the George Washington between America and France.

Leaving Paris during the month of February, they arrived in America with the president on February 24 and were shortly thereafter mustered out of service.

Two of the isinglass windows in the rear are out, but the middle one is in good shape. So far there is no clew to the thief, and the reward of \$50 will be paid for information leading to the recovery of the machine.

A Mysterious Shooting

FORMER SHERIFF GIVEN LIFE SENTENCE

A dispatch from Somerset says that Lemon Sexton, former Sheriff of McCreary county, charged with the wilful murder of Harrison Brown was given a life sentence on his trial at Whitley City. At one time Sexton stood well as a citizen, and only a few years ago was elected Sheriff of McCreary county. He started out well as Sheriff, but finally became enamored with Harrison Brown's wife. Then his trouble began. He had Brown confined in jail at Whitley City for several months on trumped up charges in order that he could pay attention to Brown's wife, without molestation. Finally Brown secured his release, and sometime afterward, in an altercation with Sexton over his wife, he shot and wounded Sexton badly. Sexton was confined in the Somerset hospital, his life being despaired of for a time. After his recovery, matters continued from bad to worse, until finally Brown was assassinated, claiming in a death statement that he saw Sexton fire the shot. A warrant was issued for his arrest, the trial resulting as above stated. Brown was killed in McCreary county, May 18, 1918.

SEE Mrs. Ida Swafford, North street, for the most attractive braids and transformations. Sure to please. Give her a trial. Phone 672.

THE PLEDGE TO SUCCOR FRANCE

(By Associated Press)
Paris, July 2—Havas—The Franco-British and Franco-American treaties, the Journal says, provide that intervention of England and America on behalf of France shall be interdependent. Great Britain and the United States, it is added, will only help France by combined action and not separately. This newspaper declares their intervention must occur if disarmament of the Rhine territory is not sufficient to protect France against German aggression.

Berlin Fermenting Again
Berlin, Tuesday, July 1—A communistic league has again arrived at the fermenting stage in Greater Berlin and there are indications the street car strike movement may develop into a political insurrection. The frankness with which Hugo Hasse and other radical leaders are now demanding a dictatorship by the proletariat is looked upon as significant. Meantime Minister of Defense Noske is increasing the troop patrols.

JUDGE HARDIN IN TOWN MEETING VOTERS

Judge Charles A. Hardin, of Mercer county, Democratic candidate for Congress in the special election which will be held at the same time as the state primary on August 2nd, is in town today, meeting his friends and shaking hands with the voters. Judge Hardin is impressing upon his friends the necessity of remembering that there are to be two elections on August 2nd. The congressional election will be held at the regular voting places and the state primary by other election officers at a distance of 50 feet from the regular polling place.

Judge Hardin is meeting with great encouragement all over the district. So far as his friends can ascertain, there are no sore spots on anyone, and it is expected that Judge Hardin will poll over the usual 3,000 democratic majority. Democrats all over the 11 counties of the district are anxious to make a good showing in this election, to indicate to the country that the people are almost solidly behind President Wilson and the League of Nations. State questions have nothing to do with this election. It is concerned with national issues, pure and simple, and no effort to obscure the issues will be permitted by thinking voters to distract their attention from the main question.

Judge Hardin will come to Richmond again before the election and may speak here before the campaign is over.

Ed Fife Improving

Ed Fife, the local negro, who was badly injured when an auto truck in which he and four other men were riding from Lexington last Saturday night, has "come to himself" and bids fair to recover. It was at first thought that he was so seriously injured that he would die. He was removed Monday from the hospital to his home on B. street.

Hogs Break All Records Tuesday

Hogs broke all records on the Chicago market Tuesday when tops sold at \$21.75 a hundredweight. The previous topmost July record was last year, \$19.40. Tuesday strength in the hog market was ascribed chiefly to export demand for packing house products. Before the United States entered the great war, \$10.25 was the acme for hogs in July.

MADISON SCHOOLS TO OPEN JULY 7

County Superintendent Ben F. Edwards announces that the county schools of Madison county will open July 7th, next Monday. The County Board of Education felt that there should be no delay in opening the rural schools, simply because several changes are to be made in the school books. The State Superintendent recommended that the county schools wait until September, but the members of the Madison board felt that it would be useless to wait long, especially when few of them see little reason for a change of the majority of the school books any way. So they did not feel that the country children should be deprived of the opportunity to attend school during the good weather which may be expected in July and August.

Found Wagon Load of Booze

Cecil Farmer, a prominent citizen of Frankfort and well known here where he and his wife often visit Judge and Mrs. Murray Smith, found a horse and wagon on the bridge there without a driver. The wagon was filled with cases of whisky and wine. The outfit was taken in charge by the police.

Here, There, Everywhere

Based on data assembled by the Census Bureau, it is estimated that there are 7,300,000 to 7,400,000 farms in the United States, an increase of about one million over the number shown by the census of 1910.

The Daily Register job department has just issued some nicely gotten up minutes for the Tate's Creek Association of the Predestinarian Baptist church at Indianapolis, Ind. The minutes are the work of Clerk C. H. Hughes and Secretary Christopher Doty, who are among the most efficient colored churchmen that have charge of such work. The Association is composed of the following churches: Richmond 118, Elizabeth 75, St. Paul 74, Pleasant Grove 64, Stony Point 42, Bethel 26, Pleasant Green 90, Concord 128, Mt. Zion 66, Loveland 55, Traveling Zion 48, John Divine 15, Friendship Zion 25, Second Mt. Zion 24, Mt. Cavalry Chapel 18.

A GENEROUS GIFT

Mrs. Lucas Brodhead, of Woodford county, who is the daughter of the late Dr. Robert Breck, a distinguished Presbyterian minister and pastor for many years of the local church, has contributed \$1,000 toward the proposed new church building here as a manifestation of her interest in her old home and church. The gift is most highly appreciated.

THE 4th AT BOONESBORO

Great plans are being made for the Fourth of July at Boonesboro Bathing Beach, and one of the largest crowds that has visited this famous resort this season is expected. Dr. D. J. Williams, the genial proprietor, is planning everything possible for the entertainment of his guests. A good band will furnish music for dancing, and there will be other attractions, and in the evening an Old Fiddlers' Contest will be a big feature. Louis Hardin will run an auto bus hourly from town to the beach at a low rate, and as most of the business houses in town will observe a half holiday anyway and the banks and post-office will close entirely, the crowd promises to be a record-breaker. 181 3

SPLENDID LECTURES AT EASTERN NORMAL

Dr. Jerome H. Raymond Delighting Everyone With His Talks To Students and Public

The Normal School is enjoying a rare treat this week in the forenoon and evening lectures of Dr. Jerome H. Raymond, the forenoon lectures at 9:30 and the evening lectures at 8:30, illustrated with lantern. Dr. Raymond is a man of striking personality, of beautiful voice diction and of great descriptive power.

Of his lectures, Judge Ben Lindsey, of the Juvenile Court, Denver, Col., says:

"It is simply impossible in words to do justice to the lectures of Dr. Raymond. I have never received so much pleasure and enlightenment from any lectures. Prof. Raymond has a wonderful delivery, a magnificent command of language, and a charm of personality which, added to his scholarly attainments, place him in the front rank of the ablest lecturers in this country. His lectures are just as entertaining as they are instructive, and just as instructive as they are entertaining, approaching as near perfection in both qualities as would seem to be possible."

Tuesday night Dr. Raymond spoke on "The Price We Pay for Our Civilization." He described Egypt and Greece and their beautiful and wonderful civilizations, showing the price they paid for them as a result of which Egypt's grandeur has passed away forever, and the Acropolis stands as a monument to human injustice.

He discussed American civilization with its mad rage for speed and materialism, and noted some of the stupendous prices we are paying for it in exhausted mines, destroyed forest areas, premature deaths from preventable diseases, and butchered humanity destroyed on the altar of private profit and sordid gain. Incidentally, he mentioned that of the 45 organized nations, only three permit private ownership of railroads; namely, the United States, Spain and Turkey. On the whole the lecture was illuminating and well delivered.

Tuesday night he spoke on "Constantinople and the Disintegration of Turkey." It was an illustrated lecture, not a description of pictures. The lecture seldom referred to the pictures, which appeared on the screen in order as the speaker advanced with his theme. He showed the strategic position of this historic city, discussed its history, and described it as it stands today. Scores of beautiful views were shown making the hearer feel almost that he had returned from the Orient.

Among other things he explained the origin of the "Crescent," as the symbol of Mohammedanism, and why the government of Turkey is styled the "Sublime Porte." He showed views of the fine colleges for boys and girls by Americans; and he showed a graduating class which he addressed, composed of seven young women and of six different nationalities. Some of the boys remarked that the group showed that there were pretty girls everywhere, and that the single Turkish lassie was the prettiest of the "bunch." On the whole, it was a beautiful and informing lecture.

Today, Dr. Raymond speaks on "Russia; the Struggle Against Autocracy," and this evening on "Athens and the Revival of Hellenism." These lectures are free and high class. The people of Richmond are invited to attend.
